NORWEGIAN OWNED AND LOCALLY OPERATED

A focused operator with direct accountability

World Sea Explorers AS is a Tromsø-based yacht operator delivering small-group cruises, multi-day expeditions and private charters aboard Stella Oceana.

Partners work directly with the team responsible for planning, guest communication and onboard delivery. That short line of responsibility supports clear answers, realistic expectations and a personal experience for every booking.

EXPERIENCES LEAD BY OUR FOUNDERS

Captain Kenneth Tårnes

Norwegian Master Mariner from Northern Norway with more than 40 years at sea, including 27 years in the Royal Norwegian Navy and Coast Guard. His knowledge of Norway, trusted coastal relationships and discreet, calm command shape every voyage.

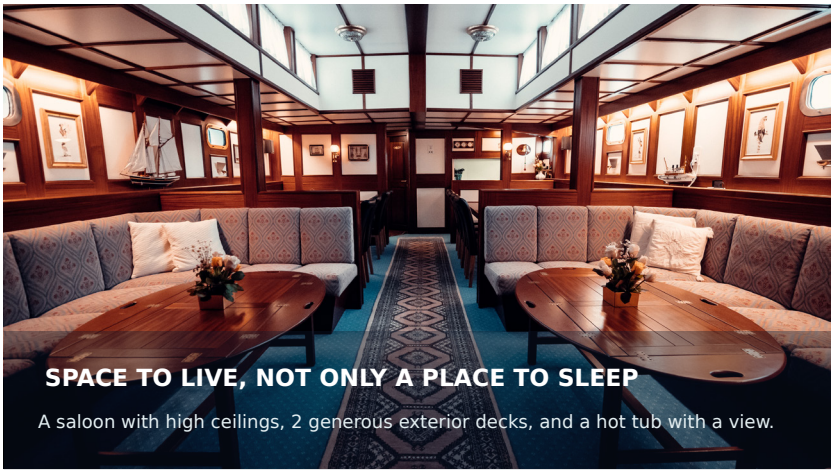

Sachi Maekawa

Operations, hospitality and guest experience. Sachi coordinates partners, guests, suppliers and onboard service in English, Norwegian and Japanese.

CLEAR TRADE POSITIONING

A category of its own on the Norwegian coast

Stella Oceana combines the space and capability of a much larger vessel with a maximum of 12 guests and the personal hosting of a founder-led yacht.

SPACE TO LIVE, NOT ONLY A PLACE TO SLEEP

A saloon with high ceilings, 2 generous exterior decks, and a hot tub with a view.

Fully hosted

The professional crew handles navigation, cooking, cleaning and service. Guests are never expected to become working crew.

Genuinely small-group

A maximum of 12 day guests on a 34-meter yacht means space and personal attention.

Locally rooted leadership

Kenneth is from Northern Norway and has deep first-hand knowledge of the country. In small coastal communities, his trusted relationships with people, companies and suppliers matter.

Discreet and reassuring

Privacy is central to the service. Kenneth's military background, calm command and discreet approach help high-profile guests feel secure and able to relax.

THE STELLA OCEANA EXPERIENCE

Stella Oceana offers something increasingly rare: space, quiet and time away from crowds. Guests have the freedom to put their phones aside, watch the coastline unfold, spend unhurried time on deck and stargaze after dark. Kenneth is more than the Captain; as a local from Northern Norway with more than 40 years at sea, he brings the coast, weather, wildlife and culture to life throughout the journey. Luxury here is found in nature immersion, genuine local connection and time to slow down.

SUBSTANTIAL TECHNICAL AND GUEST-AREA REFIT - 2025

Originally built in 1991 and refitted in 2025 with a new main engine, new technical systems, and a new upper-deck seating area with year-round weather protection.

OPERATIONAL PROFILE

Passenger vessel certified by the Norwegian Maritime Authority. Domestic trade area: Small Coasting. Foreign trade area: Unrestricted Voyages. P&I and hull cover maintained; current certificates and insurance documentation available to contracted partners on request.

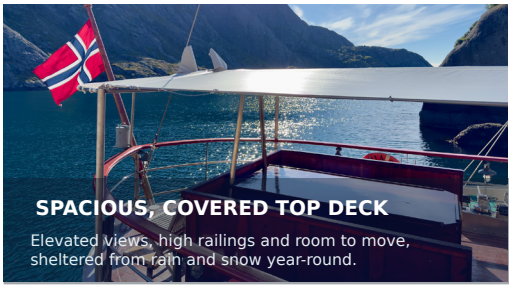

COMFORT, CLARITY AND THE RIGHT FIT

A warm floating base for the coast

THE SALOON IS A DEFINING DIFFERENCE

High ceilings, two lounge areas and three dining tables create an atmosphere guests compare to a boutique hotel or private members' lounge - with room to gather or find a quiet corner.

SPACIOUS, COVERED TOP DECK

Elevated views, high railings and room to move, sheltered from rain and snow year-round.

HOW THE SPACES WORK

The saloon is the yacht's warm social heart. For scenery, guests step outside onto generous high-railed decks or the elevated upper deck, with room to move comfortably.

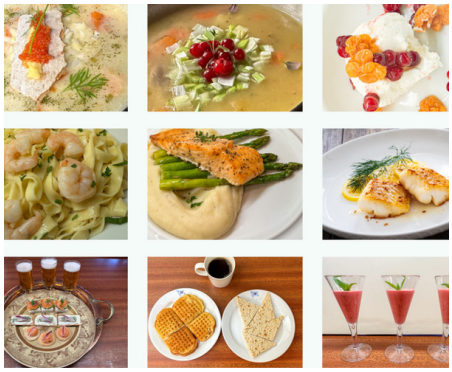

Two twin bunk cabins

Two berths per cabin, adjustable heating, storage and a ceiling window.

One four-berth cabin

Four bunk berths for families or friends travelling together.

Local food, made onboard

Made from scratch by crew with maritime galley and restaurant experience. Warm, generous hospitality rather than formal chef-led dining.

IMPORTANT ACCOMMODATION NOTE

All three guest cabins share one toilet and one separate shower. Bedding, towels and standard toiletries are provided. Duffel-style luggage is recommended. These details should be shared before an overnight booking is confirmed.

SPECIALIST JOURNEYS

PRIVATE LAND-BASED EXPERIENCES

Fly fishing, hunting and wildlife experiences delivered on land.

SEPARATE FROM STELLA OCEANA PRODUCTS

Private experiences on land and in the wild

World Sea Explorers can offer these journeys because Kenneth brings long experience in fly fishing and hunting in Northern Norway, trusted relationships with landowners and local specialists, and his role as a Hardy Ambassador. Private salmon fly fishing is strictly land-based; the yacht is not part of that product.

Private salmon fly fishing

LAND-BASED ONLY | NO YACHT COMPONENT

A standalone inland experience with private access at Asphaugsonen on the Målselv river. Approved hosting, permits and river arrangements are confirmed in advance; a premium Hardy equipment package is available.

Private grouse hunting

LAND-BASED | SEASONAL | REGULATED

A private guided programme delivered through a confirmed landowner or licensed specialist. It may stand alone or form part of a wider private itinerary, subject to season, permits, local rules and availability.

Brown-bear observation

LAND-BASED | SPECIALIST-LED

A private wildlife experience delivered with confirmed local specialists. It may stand alone or be combined with a yacht itinerary, subject to provider availability, operating conditions and wildlife activity.

CLEAR DIVISION OF RESPONSIBILITY

Private salmon fly fishing is a land-only World Sea Explorers product. Appointed specialists have final authority for fishing, hunting and wildlife activities. Any separate Stella Oceana itinerary is described and contracted as its own yacht product. All specialist land journeys are confirmed on request and remain subject to season, permits, access, availability and local rules.

SUPERYACHT AND EXPEDITION VESSEL SUPPORT

A Norwegian support vessel for visiting yachts

Stella Oceana is a fully crewed 34-meter ice-class expedition yacht available as an independent support vessel for visiting superyachts and expedition vessels.

She adds Norwegian knowledge, personnel capacity and a separate platform for shore and expedition activity.

Independent platform

- 34-meter ice-class expedition yacht
- Up to 12 day or 8 overnight guests
- Crewed, self-contained and discreet

Local operations

- Local Captain and route-weather knowledge
- Ports, sheltered alternatives and trusted suppliers
- Shore-side and guest logistics

Specialist support

- Private excursions, guides and local access
- Space for project or security personnel
- Onboard Norwegian doctor available on request

HOW TRAVEL PLANNERS SHOULD USE THIS SERVICE

This is an on-request B2B support capability, not a scheduled cruise or custom yacht charter. It is relevant when a visiting superyacht or expedition vessel needs a local shadow or support vessel, extra guest or staff capacity, discreet logistics, or a separate platform for private excursions.

The principal yacht retains its own Captain, crew and management. Scope, responsibilities, interfaces and risk controls are agreed directly before confirmation. A dedicated Yacht Support capability brochure is available for qualified enquiries.

HOW TO WORK WITH US

A straightforward booking path with direct support

01

Book online or send a request

Scheduled public short cruises are booked through FareHarbor. For expeditions, private or custom charters and land-based journeys, email us or submit the Custom Charter Request Form with the dates, guest profile and requirements.

02

We confirm requested products

For on-request products, we check availability, operating feasibility, price, inclusions and any special arrangements before the experience is offered to the guest.

03

Confirmation and payment

FareHarbor bookings are confirmed online. An on-request booking is confirmed when the written confirmation or contract and required payment have been received.

04

Complete the guest details

Names, contact details, diets, mobility considerations and other operational information are completed by the deadline shown in the booking process.

PARTNER PRICING

Approved partners receive a current rate schedule setting out applicable net rates or commission arrangements, payment procedures and validity. Add-ons and third-party services are quoted separately and may be subject to different terms.

BOOKING ROUTES

- FareHarbor: scheduled public short cruises
- Email: Private charter products and land-based experiences
- Join the Interest List: FIT Wildlife Expeditions
- Custom Charter Request Form: private, custom, charters and special itinerary requests

ESSENTIAL INFORMATION

Know Before You Book

Meeting point - Tromsø

Stella Oceana, Sjøgata 35, 9291 Tromsø, by the marina in front of Fiskekompaniet. Guests check in directly at the yacht 15 minutes before departure.

Access and mobility

The yacht is not wheelchair accessible. Guests must manage stairs, remove outdoor footwear and follow crew instructions when moving around the vessel.

Clothing and luggage

Warm, waterproof and windproof layers are essential in every season. Easy-to-remove shoes are recommended. Duffel-style luggage is preferred overnight.

Food and dietary needs

Dietary restrictions must be provided in advance. Vegetarian and vegan alternatives for public cruise meals require at least 24 hours' notice. For multi-day charters, guest complete a detailed preference sheet.

Alcohol

Public cruises are alcohol-free. Any private-charter request must be agreed in advance and handled in accordance with the confirmed charter arrangements.

Nature and itinerary

Aurora, wildlife and exact routes cannot be guaranteed. The Captain may adjust or cancel activity when weather, sea conditions or safety require it.

Full cancellation, rescheduling, payment, force majeure and liability provisions are contained in the current World Sea Explorers Terms & Conditions and the applicable partner agreement.
